

AFFIDAVIT.

I, Wm H. Locke

of So Framingham in the Com-

monwealth of Massachusetts, on oath depose and say that pursuant to the provisions of Chapter 308 of the Acts of the year 1899, I caused to be posted on the twenty-eighth day of July, in the year 1899, in the Post Office in Southborough, in said Commonwealth, a notice of which the following is a true copy:-

COMMONWEALTH OF MASSACHUSETTS.

M E T R O P O L I T A N   W A T E R   B O A R D.

The following rule for the sanitary protection of waters used by the Metropolitan Water Board for the water supply of the cities and towns of the Metropolitan Water District, under the authority of chapter 488 of the Acts of the year 1895, was adopted by the State Board of Health on June 1, 1899, and subsequently on June 30, 1899, by the Metropolitan Water Board.

Rule 14. No person shall bathe in, and no person shall, unless permitted by a special regulation or by a written permit of the Metropolitan Water Board, fish in, or send, drive or put any animal into the Wachusett Reservoir, so-called, the open channel of the Wachusett Aqueduct, Sudbury Reservoir, Hopkinton Reservoir, Ashland Reservoir, Farm Pond, Whitehall Reservoir, Framingham Reservoir No. 1, Framingham Reservoir No. 2, Framingham Reservoir No. 3, Lake Cochituate, Spot Pond, Chestnut Hill Reservoir, or any other lake, pond, reservoir or stream used by the Metropolitan Water Board as a source, or for the conveyance, storage or distribution, of the water supply of any city, town or water company, under the provisions of chapter 488 of the Acts of the year 1895, and acts in amendment thereof or addition thereto. No persons other than a member of the said Metropolitan Water Board, its officers, agents or employees, or public officers whose duties may so require, shall, unless so permitted by regulation or permit of the said Board, enter or go, in any boat, skiff, raft, or other contrivance on or upon the water of any of said reservoirs, or said lake, ponds or open channel, or of other such lakes, ponds or reservoirs, nor shall enter or go upon, or drive any animal upon the ice of any of said waters or other such lakes, ponds, reservoirs or streams.

A true copy, Attest;

(signed) Samuel W. Abbott, Secretary.

In accordance with Rule 14 as adopted by the State Board of Health on June 1, 1899, and pursuant to the general powers and authority given to the Metropolitan Water Board by chapter 488 of the Acts of the year 1895, the following special regulation was adopted by the Met-

repolitan Water Board on June 30, 1899.

Permission is given, until further order, to fish from the highway, and to enter from the highway and fish through the ice, in the waters of the open channel of the Wachusett Aqueduct, Sudbury Reservoir, Framingham Reservoir No. 1, Framingham Reservoir No. 2, Hopkinton Reservoir and Ashland Reservoir, subject to the following limitations and conditions:-

- a. No fish, food or other matter tending to pollute the water, shall be thrown into the water or left upon the shores.
- b. No tin cans or bait boxes shall be thrown into the water or left upon the shores.
- c. No person shall build any fire upon the shores or other land belonging to the Commonwealth.
- d. Care shall be taken not to disturb the gravel or stone protection around the shores.
- e. In case fishing is carried on through the ice, no person shall throw or leave upon the ice any fish, bait, food or other matter tending to pollute the water.
- f. No permission is given to fish from the shores at places other than the highway.

A true copy, Attest:

Wm. N. Davenport, Secretary.

The Sudbury Reservoir is the large reservoir, situated partly in Southborough and partly in Marlborough, formerly called Basin No. 5.

Framingham Reservoir No. 1 is the reservoir situated a short distance southwest of the village of Framingham Centre, formerly called Basin No. 1.

Framingham Reservoir No. 2 is the reservoir situated in the southwesterly part of Framingham and the northeasterly part of Ashland, formerly called Basin No. 2. It lies for a large part of its length beside the tracks of the Boston and Albany Railroad.

The Hopkinton Reservoir is the reservoir situated partly in the northeasterly part of Hopkinton and partly in the westerly part of Ashland, formerly called Basin No. 6.

The Ashland Reservoir is the reservoir in the southerly part of Ashland, formerly called Basin No. 4.

WITNESS my hand this Twenty-second day of September, in the year eighteen hundred and ninety-nine.

## Metropolitan Water Board.

The following rule for the sanitary protection of the waters used by the Metropolitan Water Board for the water supply of the cities and towns in the metropolitan water district, under the authority of Chapter 488 of the Acts of the year 1895, was adopted by the State Board of Health on June 1st, 1899, and subsequently on June 30, 1899, by the Metropolitan Water Board.

Rule 15. No person shall enter upon the Wachusett Reservoir, so-called, Sudbury Reservoir, the open Channel of the Wachusett Aqueduct, Hopkinton Reservoir, Ashland Reservoir, Framingham Reservoir Number 1, Framingham Reservoir Number 2, Framingham Reservoir Number 3, Farm Pond, Whitehall Reservoir, Lake Cochituate, Spot Pond, Chestnut Hill Reservoir, or any other lake, pond or reservoir used by the Metropolitan Water Board as a source or for the conveyance, storage or distribution, of the water supply of any city, town or water company, under the provision of chapter 488 of the Acts of the year 1895, and acts in amendment thereof or addition thereto, for the purpose of cutting or taking ice, or cut or take ice from any such lake, pond, or reservoir, without a written permit, signed by the Metropolitan Water Board, stating the time and place for which such permission is given.

A true copy.

Attest:

(Signed) SAM'L. W. ABBOTT,  
Secretary.

The following special regulations were made by the Metropolitan Water Board on Nov. 20, 1900, under and pursuant to Rule 15 of the rules and regulations of the State Board of Health on June 1, 1899, for the sanitary protection of waters used by the Metropolitan Water Board for the water supply of cities and towns in the Metropolitan water district, under the authority of chapter 488 of the Acts of the year 1895, and also under and pursuant to the general powers and authority given to the Metropolitan Water Board by said chapter and otherwise, and it was deemed by the Board that these regulations are necessary for the preservation of the purity of the water of the Sudbury Reservoir.

### I.

Any inhabitant of the town of Southborough desiring to cut or remove ice from Sudbury Reservoir for his individual use only in said town, shall make application to the Assistant Superintendent of the Metropolitan Water Works, resident at South Framingham, personally or by letter, at least four days before the cutting of any ice. All applications shall state whether it is the intention to use horses or other animals in the cutting of ice.

a. Ice shall be cut only in such places as shall be designated in the permit given.

b. No horses or other animals shall be used upon the ice except in accordance with special permission stated in the permit.

c. In case permission is given to use horses or other animals, the entrance upon and departure from the ice shall be made only at such places as shall be specified in the permit.

d. All manure and other refuse matter shall be thoroughly scraped up and immediately removed from the surface of the ice, and shall be deposited on land at such distance that it shall not be washed into the water.

e. No matter tending to pollute the water shall be taken or left upon the ice nor thrown into the water.

f. All operations connected with the cutting of ice shall be carried on in such manner as not to injure the shores, paving, riprap, gravel margin or other land or property belonging to the Commonwealth.

g. All persons cutting ice shall be subject to such special instructions as may be given by the officers or agents of the Metropolitan Water Board.

### II.

Any riparian-owner abutting on the Open Channel of the Wachusett Aqueduct, so-called, in the town of Southborough, which Channel extends from the covered portion of the Aqueduct to the lower dam near the Sawin's Mill road, so-called, desiring to cut and remove ice from the Channel for his individual use only, shall make application to the Engineer of the Dam and Aqueduct Department of the Metropolitan Water Works, resident at Clinton, Mass., personally or by letter, and obtain permission therefor before the cutting of any ice. All applications shall state whether it is the intention to use horses or other animals in the cutting of ice.

a. Ice shall be cut only in such places as shall be designated in the permit given.

b. No horses or other animals shall be used upon the ice except in accordance with special permission stated in the permit.

c. In case permission is given to use horses or other animals, the entrance upon and departure from the ice shall be made only at such places as shall be specified in the permit.

d. All manure and other refuse matter shall be thoroughly scraped up and immediately removed from the service of the ice, and shall be deposited on land at such distance that it shall not be washed into the water.

e. No matter tending to pollute the water shall be taken or left upon the ice nor thrown into the water.

f. All operations connected with the cutting of ice shall be carried on in such manner as not to injure the shores, paving, riprap, gravel margin or other land or property belonging to the Commonwealth.

g. All persons cutting ice shall be subject to such special instructions as may be given by the officers or agents of the Metropolitan Water Board.

## Sewerage Board

The following rule for the sanitary protection of waters used by the Metropolitan Water Board for the water supply of the cities and towns of the Metropolitan Water District, under the authority of Chapter 488 of the Acts of the year 1895, was adopted by the State Board of Health on June 1, 1899, and subsequently on June 30, 1899, by the Metropolitan Water Board, and on May, 10, 1901, by the Metropolitan Water and Sewerage Board.

Rule 15. No person shall enter upon the Wachusett Reservoir, so-called, Sudbury Reservoir, the open channel of the Wachusett Aqueduct, Hopkinton Reservoir, Ashland Reservoir, Framingham Reservoir No. 1, Framingham Reservoir No. 2, Framingham Reservoir No. 3, Farm Pond, Whitehall Reservoir, Lake Cochituate, Spot Pond, Chestnut Hill Reservoir, or any other lake, pond or reservoir used by the Metropolitan Water Board as a source or for the conveyance, storage or distribution, of the water supply of any city, town or water company, under the provision of Chapter 488 of the Acts of the year 1895, and acts in amendment thereof or addition thereto, for the purpose of cutting or taking ice, or cut or take ice from any such lake, pond or reservoir, without a written permit, signed by the Metropolitan Water Board, stating the time and place for which such permission is given.

A true copy. Attest:  
(Signed) SAM'L W. ABBOTT,  
Secretary.

Under and pursuant to Rule 15 of the rules made by the State Board of Health on June 1, 1899, for the sanitary protection of waters used by the Metropolitan Water Board for the water supply of the Metropolitan Water District, and under and pursuant to the general powers and authority given to the Metropolitan Water and Sewerage Board by Chapter 488 of the Acts of the year 1895, and by Chapter 168 of the Acts of the year 1901, and otherwise, the following special regulations previously made by the Metropolitan Water Board were, on May 10, 1901, adopted by the Metropolitan Water and Sewerage Board, and it was deemed by the Board that these regulations are necessary for the preservation of the purity of the water of the Sudbury Reservoir.

### I.

Any inhabitant of the town of Southborough desiring to cut or remove ice from Sudbury Reservoir for his individual use only in said town, shall make application to the Assistant Superintendent of the Metropolitan Water Works, resident at South Framingham, personally or by letter, at least four days before the cutting of any ice. All applications shall state whether it is the intention to use horses or other animals in cutting of ice.

Ice shall be cut only in such places  
be designated in the permit

b. No horses or other animals shall be used upon the ice except in accordance with special permission stated in the permit.

c. In case permission is given to use horses or other animals, the entrance upon and departure from the ice shall be made only at such places as shall be specified in the permit.

d. All manure and other refuse matter shall be thoroughly scraped up and immediately removed from the surface of the ice, and shall be deposited on land at such distance that it shall not be washed into the water.

e. No matter tending to pollute the water shall be taken or left upon the ice nor thrown into the water.

f. All operations connected with the cutting of ice shall be carried on in such manner as not to injure the shores, paving, riprap, gravel margin or other land or property belonging to the Commonwealth.

g. All persons cutting ice shall be subject to such special instructions as may be given by the officers or agents of the Metropolitan Water Board.

### II.

Any riparian owner abutting on the open channel of the Wachusett Aqueduct, so-called, in the town of Southborough, which channel extends from the covered portion of the aqueduct to the lower dam near the Sawin's Mill Road, so-called, desiring to cut and remove ice from the channel for his individual use only, shall make application to the Engineer of the Dam and Aqueduct Department of the Metropolitan Water Works, resident at Clinton, Mass., personally or by letter, and obtain permission therefor before the cutting of any ice. All applications shall state whether it is the intention to use horses or other animals in the cutting of ice.

a. Ice shall be cut only in such places as shall be designated in the permit given.

b. No horses or other animals shall be used upon the ice except in accordance with special permission stated in the permit.

c. In case permission is given to use horses or other animals, the entrance upon and departure from the ice shall be made only at such places as shall be specified in the permit.

d. All manure and other refuse matter shall be thoroughly scraped up and immediately removed from the surface of the ice, and shall be deposited on land at such distance that it shall not be washed into the water.

e. No matter tending to pollute the water shall be taken or left upon the ice nor thrown into the water.

f. All operations connected with the cutting of ice shall be carried on in such manner as not to injure the shores, paving, riprap, gravel margin or other land or property belonging to the Commonwealth.

The following special regulations were made by the Metropolitan Water Board on November 20, 1900, under and pursuant to Rule 15 of the rules made by the State Board of Health on June 1, 1899, for the sanitary protection of waters used by the Metropolitan Water Board for the water supply of cities and towns in the metropolitan water district, under the authority of chapter 488 of the Acts of the year 1895, and also under and pursuant to the general powers and authority given to the Metropolitan Water by said chapter and otherwise, and it was deemed by the Board that these regulations are necessary for the preservation of the purity of the water of the Sudbury Reservoir.

I.

Any inhabitant of the town of Southborough desiring to cut or remove ice from Sudbury Reservoir for his individual use only in said town, shall make application to the Assistant Superintendent of the Metropolitan Water Works, resident at South Framingham, personally or by letter, at least four days before the cutting of any ice. All applications shall state whether it is the intention to use horses or other animals in the cutting of ice.

a. Ice shall be cut only in such places as shall be designated in the permit given.

b. No horses or other animals shall be used upon the ice except in accordance with special permission stated in the permit.

c. In case permission is given to use horses or other animals, the entrance upon and departure from the ice shall be made only at such places as shall be specified in the permit.

d. All manure and other refuse matter shall be thoroughly scraped up and immediately removed from the surface of the ice, and shall be deposited on land at such distance that it shall not be washed into the water.

e. No matter tending to pollute the water shall be taken or left upon the ice nor thrown into the water.

f. All operations connected with the cutting of ice shall be carried on in such a manner as not to injure the shores, paving, riprap, gravel margin or other land or property belonging to the Commonwealth.

g. All persons cutting ice shall be subject to such special instructions as may be given by the officers or agents of the Metropolitan Water Board.

II.

Any riparian owner abutting on the Open Channel of the Wachusett Aqueduct so called, in the town of Southborough, which Channel extends from the covered portion of the Aqueduct to the lower dam near the Sawin's Mill road, so called, desiring to cut and remove ice from the channel for his individual use only, shall make application to the Engineer of the Dam and Aqueduct Department of the Metropolitan Water Works, resident at Clinton, Mass., personally or by letter, and obtain permission therefor before the cutting of any ice. All applications shall state whether it is the intention to use horses or other animals in the cutting of ice.

a. Ice shall be cut only in such places as shall be designated in the permit given.

b. No horses or other animals shall be used upon the ice except in accordance with special permission stated in the permit.

c. In case permission is given to use horses or other animals, the entrance upon and departure from the ice shall be made only at such places as shall be specified in the permit.

d. All manure and other refuse matter shall be thoroughly scraped up and immediately removed from the surface of the ice, and shall be deposited on land at such distance that it shall not be washed into the water.

e. No matter tending to pollute the water shall be taken or left upon the ice nor thrown into the water.

f. All operations connected with the cutting of ice shall be carried on in such manner as not to injure the shores, paving, riprap, gravel margin or other land or property belonging to the Commonwealth.

g. All persons cutting ice shall be subject to such special instructions as may be given by the officers or agents of the Metropolitan Water Board.

W. N. DAVENPORT, Secretary.

AFFIDAVIT.

I, Isaac M. Drew, of Southborough, in the Commonwealth of Massachusetts, on oath depose and say that pursuant to the provisions of Chapter 308 of the Acts of the year 1899, I caused to be posted on the sixth day of June, in the year 1901, in the post office in Southborough in said Commonwealth, a notice of which the following is a true copy:-

WITNESS my hand this eleventh day of June, in the year nineteen hundred and one.

Isaac M. Drew

COMMONWEALTH OF MASSACHUSETTS.

Worcester, ss.

June 11 1901.

Personally appeared the above named Isaac M. Drew and made oath that the foregoing statement by him subscribed is true, before me,

Chas. L. Fairbanks

Justice of the Peace.

Commonwealth of Massachusetts.  
METROPOLITAN WATER AND SEWERAGE BOARD.

The following rule for the sanitary protection of waters used by the Metropolitan Water Board for the water supply of the cities and towns of the Metropolitan Water District, under the authority of Chapter 488 of the Acts of the year 1895, was adopted by the State Board of Health on June 1, 1899, and subsequently on June 30, 1899, by the Metropolitan Water Board, and on May 10, 1901, by the Metropolitan Water and Sewerage Board.

Rule 14. No person shall bathe in, and no person shall, unless permitted by a special regulation or by a written permit of the Metropolitan Water Board, fish in or send, drive or put any animal into, the Wachusett Reservoir, so-called, the open channel of the Wachusett Aqueduct, Sudbury Reservoir, Hopkinton Reservoir, Ashland Reservoir, Farm Pond, Whitehall Reservoir, Framingham Reservoir No. 1, Framingham Reservoir No. 2, Framingham Reservoir No. 3, Lake Cochituate, Spot Pond, Chestnut Hill Reservoir, or any other lake, pond, reservoir or stream used by the Metropolitan Water Board as a source, or for the conveyance, storage or distribution, of the water supply of any city, town or water company, under the provisions of Chapter 488 of the Acts of the year 1895, and acts in amendment thereof or addition thereto. No persons other than a member of the said Metropolitan Water Board, its officers, agents or employes, or public officers whose duties may so require, shall, unless so permitted by regulation or permit of the said Board, enter or go, in any boat, skiff, raft, or other contrivance, on or upon the water of any of said reservoirs, or said lake, ponds or open channel or of other such lakes, ponds or reservoirs, nor shall enter or go upon, or drive any animal upon the ice of any said waters or other such lakes, ponds, reservoirs or streams.

A true copy. Attest:

(Signed) Samuel W. Abbott,  
Secretary.

In accordance with Rule 14 as adopted by the State Board of Health on June 1, 1899, and pursuant to the general powers and authorities given to the Metropolitan Water Board by Chapter 488 of the Acts of the year 1895, and to the Metropolitan Water and Sewerage Board by Chapter 163 of the Acts of the year 1901, the following special regulation was adopted by the Metropolitan Water Board on June 30, 1899, and by the Metropolitan Water and Sewerage Board on May 10, 1901.

Permission is given, until further order, to fish from the highway, and to enter from the highway and fish through the ice, in the waters of the open channel of the Wachusett Aqueduct, Sudbury Reservoir, Framingham Reservoir No. 1, Framingham Reservoir No. 2, Hopkinton Reservoir and Ashland Reservoir, subject to the following limitations and conditions:—

- a. No fish, food or other matter tending to pollute the water, shall be thrown into the water or left upon the shores.
- b. No tin cans or bait boxes shall be thrown into the water or left upon the shores.
- c. No person shall build any fire upon the shores or other land belonging to the Commonwealth.
- d. Care shall be taken not to disturb the gravel or stone protection around the shores.
- e. In case fishing is carried on through the ice, no person shall throw or leave upon the ice any fish, bait, food or other material tending to pollute the water.
- f. No permission is given to fish from the shores at places other than the highway.

A true copy. Attest:

(Signed) Wm. M. Davenport,  
Secretary.

The Sudbury Reservoir is the large reservoir, situated partly in Southboro and partly in Marlboro, formerly called Basin No. 5.

Framingham Reservoir No. 1 is the reservoir situated a short distance southwest of the village of Framingham Centre, formerly called Basin No. 1.

Framingham Reservoir No. 2 is the reservoir situated in the southwesterly part of Framingham and northeasterly part of Ashland, formerly called Basin No. 2. It lies for a large part of its length beside the tracks of the Boston and Albany Railroad.

The Hopkinson Reservoir is the reservoir situated partly in the northeasterly part of Hopkinton and partly in the westerly part of Ashland, formerly called Basin No. 6.

The Ashland Reservoir is the reservoir in the southerly part of Ashland, formerly called Basin No. 4.

AFFIDAVIT.

I, William N. Davenport, of Marlborough, in the Commonwealth of Massachusetts, on oath depose and say that pursuant to the provisions of Chapter 308 of the Acts of the year 1899, I caused to be published on the twenty-fourth day of May, in the year 1901, in The Southborough Enterprise, a newspaper published in Southborough in said Commonwealth, a notice of which the following is a true copy:-

Commonwealth of Massachusetts.

METROPOLITAN WATER AND SEWERAGE BOARD.

The following rule for the sanitary protection of waters used by the Metropolitan Water Board for the water supply of the cities and towns of the metropolitan district.

WITNESS my hand this sixth day of June, in the year nineteen hundred and one.

*William N. Davenport*

COMMONWEALTH OF MASSACHUSETTS.

Suffolk, ss.

June 6 1901.

Personally appeared the above named William N. Davenport, and made oath that the foregoing statement by him subscribed is true, before me,

*Alfred C. Kinton*

Justice of the Peace.

Commonwealth of Massachusetts.

METROPOLITAN WATER AND SEWERAGE BOARD.

The following rule for the sanitary protection of waters used by the Metropolitan Water Board for the water supply of the cities and towns of the Metropolitan Water District, under the authority of Chapter 488 of the Acts of the year 1895, was adopted by the State Board of Health on June 1, 1890, and subsequently on June 30, 1890, by the Metropolitan Water Board, and on May 10, 1901, by the Metropolitan Water and Sewerage Board.

**Rule 15.** No person shall enter upon the Wachusett Reservoir, so-called, Sudbury Reservoir, the open channel of the Wachusett Aqueduct, Hopkinton Reservoir, Ashland Reservoir, Framingham Reservoir No. 1, Framingham Reservoir No. 2, Framingham Reservoir No. 3, Farm Pond, Whitehall Reservoir, Lake Cochituate, Spot Pond, Chestnut Hill Reservoir, or any other lake, pond or reservoir used by the Metropolitan Water Board as a source for the conveyance, storage or distribution of the water supply of any city, town or water company, under the provision of Chapter 488 of Acts of the year 1895, and acts in amendment thereto, for the purpose of cutting or taking ice, or cut or take ice from any such lake, pond or reservoir, without a written permit, signed by the Metropolitan Water Board, stating the time and place for which such permission is given.

A true copy.

Attest:

(Signed) Sam'l W. Abbott,  
Secretary.

Under and pursuant to Rule 15 of the rules made by the State Board of Health on June 1, 1890, for the sanitary protection of waters used by the Metropolitan Water Board for the water supply of the Metropolitan Water District, and under and pursuant to the general powers and authority given to the Metropolitan Water and Sewerage Board by Chapter 488 of the Acts of the year 1895, and by Chapter 168 of the Acts of the year 1901, and otherwise, the following special regulations previously made by the Metropolitan Water Board were, on May 10, 1901, adopted by the Metropolitan Water and Sewerage Board, and it was deemed by the Board that these regulations are necessary for the preservation of the purity of the water of the Sudbury Reservoir.

Any inhabitant of the town of Southborough desiring to cut or remove ice from Sudbury Reservoir for his individual use only in said town, shall make application to the Assistant Superintendent of the Metropolitan Water Works, resident at South Framingham, personally or by letter, at least four days before the cutting of any ice. All applications shall state whether it is the intention to use horses or other animals in the cutting of ice.

a. Ice shall be cut only in such places as shall be designated in the permit given.

b. No horses or other animals shall be used upon the ice except in accordance with special permission stated in the permit.

c. In case permission is given to use horses or other animals, the entrance upon and departure from the ice shall be made only at such places as shall be specified in the permit.

d. All manure and other refuse matter shall be thoroughly scraped up and immediately removed from the surface of the ice, and shall be deposited on land at such distance that it shall not be washed into the water.

e. No matter tending to pollute the water shall be taken or left upon the ice nor thrown into the water.

f. All operations connected with the cutting of ice shall be carried on in such manner as not to injure the shores, paving, rip-rap, gravel margin or other land or property belonging to the Commonwealth.

g. All persons cutting ice shall be subject to such special instructions as may be given by the officers or agents of the Metropolitan Water Board.

Any riparian owner abutting on the open channel of the Wachusett Aqueduct, so-called, in the town of Southborough, which channel extends from the covered portion of the aqueduct to the lower dam near the Sawin's Mill road, so-called, desiring to cut and remove ice from the channel for his individual use only, shall make application to the Engineer of the Dam and Aqueduct department of the Metropolitan Water Works, resident at Clinton, Mass., personally or by letter, and obtain permission therefor before the cutting of any ice. All applications shall state whether it is the intention to use horses or other animals in the cutting of ice.

a. Ice shall be cut only in such places as shall be designated in the permit given.

b. No horses or other animals shall be used upon the ice except in accordance with special permission stated in the permit.

c. In case permission is given to use horses or other animals, the entrance upon and departure from the ice shall be made only at such places as shall be specified in the permit.

d. All manure and other refuse matter shall be thoroughly scraped up and immediately removed from the surface of the ice, and shall be deposited on land at such distance that it shall not be washed into the water.

e. No matter tending to pollute the water shall be taken or left upon the ice nor thrown into the water.

f. All operations connected with the cutting of ice shall be carried on in such manner as not to injure the shores, paving, rip-rap, gravel margin or other land or property belonging to the Commonwealth.

g. All persons cutting ice shall be subject to such special instructions as may be given by the officers or agents of the Metropolitan Water Board.

A true copy.
